PLAYER DEVELOPMENT

Bo Jackson Elite is committed to utilizing data collection & metric tracking to enhance the player development experience & help players reach their individual performance goals. Throughout the year, players will participate in various performance "check-ins" to track individual player performance & development. These check-ins also help Bo Jackson Elite staff promote athletes through social media more efficiently & send updated information to college coaches/scouts as players become recruitable athletes.

COACH DEVELOPMENT

In an effort to provide players the best possible environment for development, Bo Jackson Elite offers coach development opportunities to all coaches (head & assistant) throughout the organization.
